ORDERING GUIDELINES: PRAIRIE is committed to providing QUALITY and SERVICE for all Ready-Mixed Concrete orders. We believe that the ability of our customers to effectively schedule concrete orders is critical to on-time delivery. In order to serve our customers better we have created a set of ORDERING GUIDELINES. By issuing these guidelines, we will endeavor to meet your service expectations by making the most effective use of our people and equipment.

ORDERING HOURS – Mon – Fri 5:30AM CST to 6:00PM CST / Sat 6:00AM CST to noon

ADVANCE NOTICE – In order to provide the best possible service, we encourage customers to place orders by 3:00PM CST the day before concrete is required.

QUANTITY & RATE – When you are placing an order, we must know the quantity that will be used on a particular pour, and the required pour rate in cubic yards per hour.

EARLY MORNING DELIVERIES – All orders requiring a driver to be scheduled for the first round in the morning must be placed as CONFIRMED ORDERS.

WILL CALL ORDERS – these orders will be scheduled at the time of confirmation as the existing work load permits.

DRIVER/SALES REP ORDERS – We discourage customers to place new orders with drivers as well as our field sales representatives. If this is absolutely necessary we ask that you confirm the order by telephone on the same day the order was placed. Balance orders given to drivers which are to be called in over the radio will be accepted.

ORDER CANCELATION – This will only be possible if the truck has not been loaded.

KEEP US INFORMED – Prompt notification to dispatch is necessary if there are changes or delays to your original order.

ORDER CONFIRMATION – All COD orders require verbal confirmation prior to loading.
